Dear Director Casey:

As you are aware, Title 44, USC, section 1711, requires that the Superintendent of Documents "prepare and publish a comprehensive index of public documents upon a plan approved by the Joint Committee on Printing". The index used to fulfill this obligation is the Monthly Catalog of U.S. Government Publications. Compiling a comprehensive index is a difficult job to do without the help of the agencies publishing the documents.

Throughout the last few years, librarians have brought to the Joint Committee on Printing's attention the fact that certain documents have not appeared in the Monthly Catalog. The librarians have supplied this Committee with the title pages of such documents, and we have verified that the documents attached published by your agency have not appeared in the Monthly Catalog.

I would appreciate your sending one copy of each of these documents to the attention of Bernadine Hoduski, Professional Staff Member of the Joint Committee. These documents will then be sent to the Superintendent of Documents for inclusion in the Monthly Catalog.

Thank you for your prompt attention to this request.

Sincerely,

Thomas J. Kleis  
Staff Director
